Among the Richmond musicians who will attend the convention are Professor Fred. C. Hahr, Mrs. Albert C. Bruce, Professor A. F. Unkel, and Mrs. Cora

ADDITIONAL ARMY CORPS.

To Be Composed of Philippine Troops-Commanded by Merritt,

WASHINGTON, June 21 .- An addition al army corps, to be known as the Eighth, is to be created. It will be composed of the troops assigned to the Philippine Islands, and will be in com-mand of Major-General Wesley Merritt. The creation of the new corps is by di-rection of the President, and authority is conferred upon General Merritt to transfer the command of the corps to the next officer in rank, at such time as he may deem it expedient to do so, as a matter of military administration, in or der that he may be left free to devote his attention to important matters of government connected with the Philip-

AGUINALDO LIKES US.

Says No Other Country Shall Control

Philippines. LONDON, June 21.—The Hongkong cor-respondent of the Daily Mail says: United ates Consul Wildman has received no intimation from his government with regard to the future of the Philippines. General Aguinaldo desires that the islands become an American colony. He declares that if he cannot be connected with the United States he will insist upon a republic being formed. If any other coun-try than the United States wishes to seure control of the Philippines that counents under Aguinaldo now have 1,400 rifles and eight field-pieces.

SPAIN AND LIEUT, HOBSON,

Why the Former Refuses to Exchange Merrimae Hero.

LONDON, June 21 .- The Madrid correspondent of the Times says: "Spain's refusal to exchange Lieutenant Hobson and his companions of the Merrimae is easily explained and justified. Without any intention of acting as spies, they must have seen many things in or around Santiago about which the American naval and military authorities would gladly

The idea that Germany will interfera to prevent the storming of Manila is now abandoned, but speculation is active as to her political designs."

AUGUSTI "INCOMMUNICADO."

So He Telegraphs to the Madrid Authorities.

LONDON, June 21.—The Daily Mail's correspondent at Madrid says: Captain-General Augusti telegraphs that he has gone into the walled city, and that he be unable to communicate further

with the government. Attempt to Poison Aguinaldo. LONDON, June 21.—The Hongkong cor-respondent of the Daily Telegraph says:

*According to the report of the United States transport Zefiro, which has just arrived from Manila, a dastardly attempt was made last week to poison General Aguinaldo. He was taken suddenly and ently ill, after partaking of a meal, and the symptoms were such as clearly dicated that poison had been mixed with

his food. General Aguinaldo was ill for

Augusti and American Protection. LONDON, June 21.-The Madrid corre spondent of the Standard says: "All the papers say the government is satisfied with the prospect of Captain-General Augusti's being able to get into concert with the American warships, if he cannot hold out till the arrival of troops. This would stall the entrance into the town of Tagal rebels, which Spain supposes the topean Powers would not be disposed to permit.

New French Cabinet.

LONDON, June 21 .- The Paris corre spondent of the Daily Mail says: A spondent of the Daily Mail says: A cabinet has been formed with M. Ferdinand Saurien as Premier, M. de Freycinet as Minister of Foreign Affairs, M. Theophile de Casse as Minister of Marine. M. Godefroy Cavaignac as Minister of War, and M. Paul Delembre as Minister The foreign policy will be unchanged.

HOW THE CROPS FARE

RAIN CAUSED A CESSATION OF

WORK, BUT WAS BENEFICIAL.

WHEAT IS ABOVE THE AVERAGE.

Tobacco Has Improved Greatly-Oats, Corn, Cotton, Pastures, and Peanuts Are Promising-Gardens Are Doing Well.

The following crop report was issued by the local office of the United States Department of Agriculture last night: The reports of our correspondents indicate general showers over the State, with considerable cool weather, and much cloudiness towards the close of the week. The rainfall was heaviest over the southern counties, and, where previous dry weather had prevailed, was of much benefit to corn, spring oats, pastures, etc. It caused a general cessation of work, and while giving a "season" for setting out the last of the tobacco. prevented the harvesting of wheat. On the whole, the rains were beneficial. Warm, sunny weather now would promote rapid, healthy growth.

WHEAT YIELD ABOVE THE AVE-

RAGE. The winter-wheat crop has been at a standstill during the week. Throughout the Tidewater and Middle section and in a portion of the Great Valley harvesting was under way when stopped by the rains. Probably half of the crop was cut in many localities. That remaining uncut has been tangled and fallen, some from the rain, which will render the harvesting more difficult. Rust has increased slightly from the same cause, but not

or than average crop.
Winter oats continue promising. The crop is ripening steadily, and the stand is mostly uniform. In some localities it is forward enough to cut, but owing to the interrupted wheat harvest this cannot

sufficient to affect the general condition

of the crop. The prospect and expecta-

tion as to yield is for an average to bet

yet be done. Spring oats have improved over the major portion of the State, but in the southern counties of the Tidewater Section there is some complaint as to the stand and color.

Corn is growing well in most localities. Though the late sown is rather small, the stand is reported generally even and the fields fairly clean. Some "laying by" was done early in the week until stopped The Middle and Valley sections bave the best prospect for this crop. TOBACCO BENEFITED BY THE RAIN.

Tobacco has received much benefit from he rain. It furnished a "season" for all planters whose crop was not set out, and gave a decided impetus to the growth of hat already planted. One correspondent reports his crop as almost ready for "topping." The entire acreage is now about in, with very favorable prospects Locally, damage has been done by heavy washing rains. The correspondent a lrwin, Goochland county, reports injury from this cause to the tobacco, also gar

Potatoes (Irish).-Shipments of the crop continue to be made from the Tidewater districts and in the Middle counties they are coming in. They have fallen of ome from previous conditions. Pastures have improved very much and

re now in excellent condition generally Having continues. Cotton is generally a good stand, and well cleaned. It is growing well. The acreage, however, is reported less than

Peanuts are not all up. The stand is owing to dry weather. pected the rain will improve the out-

Gardens are progressing favorably. Blackberries are coming in market and will yield heavily. FROM TIDEWATER VIRGINIA.

Quinton-Wheat damaged by wind and rain. Corn and watermelons improving. pe, harvest delayed on account of rain Nimmo-Most crops looking well, but re later than usual. Some potatoes have been shipped.

Cumnor-Corn doing fairly well. Wheat ripening slowly, but is about one half cut; yield promising. Winter oats doing Spring oats not promising.

Birdsnest-The rain and warmth have helped vegetation very much; everything needed rain; corn was suffering.

Ivor-The dry and fair weather during the past two weeks enabled farmers to put their crops in good order. Corn small for the season, but more uniform and a better stand than usual. Peanuts are about normal in size, but the stand is no as good as was expected; dry weather prevented the replanted from coming up. Oat crop short.

Ruthville-Wheat damaged some by rust. Some hay made. Corn well worked and in good condition. Spring seeding of oats short.

MIDDLE VIRGINIA NOTES. McRae's-Most of the wheat has been cut. Oats, corn, and tobacco doing well. Harris' Creek-Rain every day this week has seriously interfered with farmwork, except tobacco planting; first planting starting off very well. Oats

ave improved very much.
Farmville-Corn, oats, grass, and gardens are doing well. Tobacco planting done; prospect of a good stand if cut and wire worms will permit.

Lovingston—Continued rainy weather

has retarded cutting of wheat, which is very ripe. Tobacco planting done. Oats greatly improved. Corn growing finely. re short in most places. Corn, young lever, and timothy looking well. Red Plains-Wheat harvest has com

nienced, and it is not as good as was ex-IN THE GREAT VALLEY.

Trigg-Crops are progressing nicely. Wheat is turning rapidly and harvest will oe on next week. Corn, oats, and grass

Max Meadows-Grass, meadows, and pastures doing well. Corn is growing apidly. Wheat in some places has faller down from heavy rains; there is an in-crease of rust. Childress-Corn growing very fast. Wheat about ready to cut; some rust on

Wytheville-Corn, oats, and potatoes growing nicely; pastures fine. Wheat ripening very fast; harvest will begin next week. New River-Corn, meadows, and past

ures growing nicely. Heavy rain caused wheat to fall. Noble—Wheat and corn have done well.
Oats and grass damaged by dry weather; also, potatoes, cabbage, and all garden products. Farmers are "laying by" corn. Riner-Wheat ripening fast, some being

cut; heavy crop. Corn and grass doing well. Pastures helped by rain. Corinth-Wheat generally good and will be ripe in about a week. All crops are doing well.

RACE FOR THE WAR BONDS.

The Banks, Brokers, and Citizens of Richmond After the Conpons. Applications have already been for-

warded to the Treasury Department from Richmond for many thousand dollars' worth of the bonds of the 3 per cent. loan authorized by the act of Congress to provide ways and means to meet war expenditures.

Bankers and brokers have large subscription lists, with power of attorney from the several signers, to receive the bonds in their own behalf, an expedient that has been resorted to in order to cir-cumvent the law which provides that "in alloting said bonds, the several subscrip-tions of individuals shall be first accepted, and the subscriptions of the lowest amounts shall be first alloted. In accordance with that provision, allotments to all individual subscribers will be made be-fore any bonds will be allotted to other than individuals. All individual subscrip-tions for \$500 or less will be allotted in full as they are received, and such subscriptions must be paid in full at the time the subscription is made. If the total sum subscribed for in amounts of \$500 or less should exceed \$200,000,000, the allotments will be made according to the priority of the receipt of the subscriptions. Allotments on subscriptions for over \$500 will not be made until after the subscription closes, July 14th, and will then be made inversely according to the size of the subscription, the smallest subscription being first allotted, then the next in size next, and so on, preference being given to individual subscriptions."

All subscriptions must be sent so as to

reach the Treasury Department in Washington before 3 o'clock P. M. Thursday, July 14th, but if other cities are as anxious for the securities as Richmond ap-pears to be, the \$200,000,000 will be exhaustd long before that time.

subscription blanks are in evidence on all sides. Men pore over them on the street-cars, and con them on the curb-stone, and in the offices of all financial institutions they are to be had for the asking. In one private office yesterday application for \$25,000 of the coupon bonds were signed with powers of attorney at tached, transferring the personal interests to a Richmond bank, of which the firm was a client. One of the leading brokers here had

similar applications for \$50,600 worth of bonds of the same denomination. AGAINST LOCOMOTIVE-WORKS.

R. L. Ford Will Get \$2,000-Judgments and Suits in City Courts.

The suit for \$5,000 damages, instituted by Robert L. Ford against the Richmond Lecomotive- and Machine-Works, was heart in the Law and Equity Court yesterday, and the jury returned a verdict for the plaintiff for \$2,000. Ford, it will be remembered by readers of the Dispatch, was injured in some machinery at the works. A motion to set the verdict aside was overruled, and judgment was rendered in accordance with the verdict. The company will not, however, be affected by the verdict, as it is insured against such loss by the Employers' Lia-

bility Insurance Company.

In the Circuit Court a judgment for \$565.77 was rendered in the case of the Commonwealth of Virginia for the beneit of Ida B. Hively against Thomas A. Brander, Arthur Gray, and H. D. Elchel-

Judgment for \$170.06 was rendered in the ese of John H. Rose, trading as John E. Rose & Co., against William Trexler and R. E. Elmore. In the case of Miller & Winston against

Mrs. J. T. Powers, a motion to set aside the verdict was overruled. Suit was instituted by William Neal against Alexander McWilliams, for \$152.59. Mrs. A. B. Clarke qualified in the Chancery Court yesterday morning as admin-istratrix of the estate of Theresa V. Fin-

Daniel Thomas was tried in the Hustings Court for striking Stanley Caulder with a rock, and sentenced to one year

in the penitentlary.

Harry Jenks was acquitted on the charge of assaulting James Voss with a Mr. Henry B. Grubbs qualified as a jus-

tice of the peace in Monroe Ward.

A marriage license was issued to Robert L. Rouse and Lelia E. Smith, daughter of Richard Smith.

CATTLE TRANSPORTATION RATES.

Stock-Yard Company Disappointed With Reply of Railroads.

The reply of the Associated Railways to the Union Stock-Yards Company regarding rates for the transportation of cattle has not been altogether satisfactory, and another proposition has been submitted which may lead to a solution of the whole matter. The petition of the brokers was in effect

that the Richmond Stock-Yards should be placed upon the same footing as those of Washington and Baltimore. Three of the roads centering in Richmond do a large business in cattle with Baltimore, and the Richmond cattle-dealers desire to be accorded the same privileges and ad-The counter proposition just submitted

by the Stock-Yards Company meets all of the objections to the first proposition raised by the railroads, and the cattle-dealers think that they cannot reject it without putting themselves in the atti-tude of discriminating in favor of Balti-

TO ESTABLISH WEATHER STATIONS

Railroads Will Co-Operate With U. S. Bureau to the Benefit of the State.

The Richmond, Fredericksburg and Poomac Railway Company has transferred the meteorological instruments from Guinea to Milford, and observations will be carried on at the latter place by the agent in conjunction with the United

States Weather Bureau.
The Chesapeake and Ohio road will probably establish in the near future a number of stations along its lines for the purpose of compiling climatic data and taking observations. These offices will also co-operate with the United States Bureau, and Mr. Evans, director of the meteorological station here, has great expectations of the advantages that are to accrue from the assistance that will be rendered to the bureau by the railroad observations.

Pienie of St. Mary's Social Union.

St. Mary's Social and Beneficial Union have their twenty-second reunion at Ashland Park on to-morrow for their families only. The train will leave Elba station at 8:30 A. M. sharp. This will be one of the finest picnics of the season. There will be games for the grown ones, and especially for the children. The ar-rangements are in the hands of the following committee: A. F. Hulcher, George B. Bliley, James Schutte, H. G. Heeke W. Remke, E, A Thomas Landers, W. Stumpf, and W. J. Doyle.

Won the Purple-Ribbon Scholarship Master Edwin Chamberlayne Hall is reciving the hearty congratulations of his ceiving the hearty congratulations of his friends upon the high stand attained by him at McGuire's School, where he won the "Purple Ribbon Scholarship," which extitles him to free tuition for the next

session. This is the third consecutive year he has obtained a scholarship, and his family and friends have just cause to be proud of him. Master Hall is the son of Mr. David M. Hall, cashier at the Penn Mutual Life-Insurance Company's office, in this city.

Lecture on the Huguenots.

The Hon. W. H. Henry will deliver a lecture before the Helpers' Society of the Church of the Covenant this evening at 8:15 o'clock in the church. The subject will be "The Huguenots. The lecture will be both interesting and instructive, and the public is most cordially invited. There will be no charge. Powhatan County Bond Suit.

day in the United States Circuit Court before Judge Waddill. This suit involves the bonds of the county issued on beh f of he Powhatan Railroad Company. The plaintiff claims that he held an option on the scrip.

The suit of Jones against the county of Powhatan and others will be argued

City School Bond. The annual meeting of the City School Board will be held at the office of the board in the City Hall this (Wednesday) evening at 6 o'clock. The election of teachers for the ensu-ing session and other important business

Rice-Steady.
Cabbage-Quiet; southern, \$16\\$1.371-2.
Coffee-Options opened steady at unchanged prices, ruled exceptionally dull within narrow changes, but with steady undertone, on better European cables than expected; little or no speculative support; light local covering the only features. Spot demand disappointing. Close steady and unchanged to 5 points net higher. Sales, \$250 bags, including July, \$5.55; October, \$5.70. Spot Rio duil and nominal; No. 7, involce, \$5.25; No. 7, jobbing, \$6.75. Mild, tame market; Cordova, \$5.50/\$15.59.
Sugar-Raw firm at the decline; fair refining, \$5.58c; centrifugal, \$6 degrees test, 41-ic.; refined quiet; No. 12, 41-2c.; No. 13, 47-8c.; No. 14, 43-8c.; mould A, 55-8c.
THE DRY-GOODS MARKET.

NEW YORK, June 21.—In the dry-

NEW YORK, June 21.—In the dry-goods market to-day prints are easily the most interesting section of the market. 121 The increase in the export trade is an-other interesting feature. It is said that recent shipments to China and other pur-

chases for a later shipment have been very heavy. A similar report cannot be made on brown shirtings, sheetings, and drills for domestic use, which are still in meagre request. In all these lines there is a firm market retained. In fact, there are no weak spots in cotton goods.

The market for knit goods is fairly active. Seasonable lines of underwear and hoslery are in fair, steady demand, though manufacturing conditions are not of the best.

BALTIMORE PRODUCE MARKET. BALTIMORE, June 21 .- Flour-Dult an unchanged. Wheat-Steadier, spot and the month, 80 1-2950 3-4c.; July, 75 1-2975 5-8c.; August, 74974 1-4c.; southern wheat, by sample, 65981 1-2c. FLOYD COUNTY. The Atlantic and Western Railroad

FLOYD, VA., June 21.-(Special.)-Mr. W. J. Payne, of Richmond, who is repre-

senting the promoters of the Atlantic and Western railroad, which was chartered by the Legislature last winter, was chartered by the Legislature last winter, was here a few days ago looking after the interest of that road. It is proposed to extend the Franklin and Pittsylvania road from Rocky Mount west to Bristol, Tenn.. through the countles of Franklin, Floyd, Carroll, Grayson, and Washington, and east from Elba through the countles of Pittsylvania and Halifax, crossing the Richmond and Danville road at or near South Boston, and connecting with the Atlantic and Danville, making a through trunk line from Norfolk to Bristol. The counties of Floyd and Grayson will be called to subscribe 1520 me counties. asked to subscribe \$150,000 each, and Car-roll county \$100,000 to the stock of the road, and a mass-meeting of the citigens of Floyd will be held at July court to this end. Such a meeting has already been held in Grayson, and the scheme was strongly endorsed.

Rev. R. H. Fleming, D. D., of Lynchburg, commenced a meeting here in the

After nearly a week's rain it is now bright and clear, and the crops are in fine condition, the wheat is beginning to ripen, and corn, oats, and grass are doing as well as could be wished for.

BERRYVILLE, VA., June 21,—(Special.)
Mr. D. H. Snyder, of Castleman's Ferry,
Clarke county, has upon his farm about
one acre of wheat which is quite a novelty, Mr. Snyder purchased some years
ago a part of the estate of the late General Fauntleroy. Among other things he found on the place were a few grains of wheat of unusual size. These he planted and cultimated. The wheat stands fully six feet high, the stem is as large as a lead pencil, the blades are an inch in width, with from five to eight distinct heads on each stem, and each stem pro-duces from 75 to 125 grains of twice the

ordinary size Miss Kate Conrad, of Winchester, is the guest of Dr. C. McCormick.

Dr. Thomas McC. Lippitt, who, after graduating in medicine at Richmond, practiced in New York, and was recently appointed a surgeon in the United States navy, is now visiting his family in Clarka county.

Winchester Recruits. WINCHESTER, VA., June 21.—(Special.) Eleven recruits left here to-day for Jack-sonville under charge of Private McCune, of Company A, Second Virginia Infantry,

in which company they will enlist. Moral from Leiter's Case. (Boston Journal.) A moral that shines clearly through all the figures connected with the Leiter operation is that a spectator cannot triumph over natural laws. Prices abnormally high increase supply, while prices abnormally low increase demand. No "corner" can overcome the effect of that simple economic principle. Speculalow extremes at either end, but the masses escape without any great loss.

The producer sometimes gains from the consumer, and vice versa, while the specu-lator is likely to get his commission; but

in Leiter's case he has enriched the pro-ducer at the cost of the consumer, without making anything for himself out of Castelar Predicts a Republic.

the Republicans at Madrid have again vainly tried to induce Senor Castelar to return to power. Senor Castelar says that his health is bad, and expresses the conviction that a republic is at the door and about to take
